Early Childhood Students Perform At Grandparent's Day Program

Early Childhood physical education students amazed their grandparents, parents, and special guests with their lively performances at the Wichita Collegiate School annual Grandparent's Day program on October 26, 2007. The singing was beautiful and the dancing was fun as the audience enjoyed watching the kindergarten perform a colorful routine to "Under the Sea," and pre-kindergarten do a beautiful world balloon routine to "Heal the World." The balloon routine also used sign language, which the children performed quite well. In addition, the audience was invited to join some students as they performed "The Body Rock." It was great to see so many people involved with this dance. What fun!

Mr. Elmore, the early childhood music teacher, also lead the children in singing "Bushel and a Peck," and "Family Tree." Our students sounded wonderful!

This was a memorable day for children and their special guests. Thank you to everyone who attended. We hope you enjoyed your special day!
