

Students Earn the Last Brick on the Great Wall of China Run

We've come a long way on our Great Wall of China Run - literally. It was at the beginning of the year when students, faculty, and staff earned their first brick by jogging 35 miles as a group. The wall has now been completed with a total of 4,035 miles. Congratulations to everyone who took part in this project. It was great fun and what terrific exercise!

At the start of the school year we were just beginning to fill in the bricks.

Students, faculty, and staff had to fill in the bricks each time they accumulated 35 miles by walking or jogging. Their work is now done, having completed 4,035 miles.

Congratulations on a job well done!
