## Holiday Fun

Students had fun with holiday dances and games in Physical Education. They enjoyed doing a Hanukkah circle dance, a dreidle game, and a paper plate dance to “Jingle Bells.” They also played fun games like “Reindeer Relays,” “Grab the Present” and “Run Reindeer Run.” They worked on skills during Winter Wonderland stations and even had a paper snowball fight. What fun!

Please enjoy the pictures below of some of our activities.

A Hanukkah circle dance had everyone smiling.

Students had fun spinning dreidles and doing exercises that corresponded to the symbols on the dreidle.

It was great fun participating in the many Winter Wonderland stations. We had a blizzard with scarves, used white yarn balls for snowballs and threw them at targets or dribbled them with hockey sticks, tried to ring a carrot nose, touched a snowflake on the rope climb, skated with carpet squares, went sledding with a scooter, and built a snowman from different pieces of equipment.

What great fun dropping presents (lumi sticks) down the chimney as we had Reindeer Relays.

Students jogged from rooftop to rooftop as they played, "Run Reindeer Run." If caught off a rooftop when the music stopped, students went to the reindeer hospital to do an exercise to get well and return to the game.

It was a race to see who could grab the present first.

Happy Holidays from Mrs. Wagner.
