

Wichita Collegiate School Pioneer Day – Document 2

Volunteers taught our children about corn grinding, butter making, raising chickens, and being a cowboy.

Students had fun looking at blankets, washing and hanging laundry, and eating muffins with friends.

Kindergarten students circled to the right and did a do-si-do, while the younger children made a Texas longhorn and a tumbleweed.

Scatter square dancing had people doing “around the flag pole, dive for the oyster, duck for the clam, horse and buggy, and promenade.”

Yee Haw! What a great day!
