

Stuff the Turkey

Students in Physical Education enjoyed playing one of Chad Triolet's Noodle Mania games called "Stuff the Turkey." Children used a half swim noodle to dribble a small noodlette down to a bag and place it inside. The noodlette was the stuffing and the bag was the turkey. It was fun to do this activity quickly and see if we could all the turkeys stuffed before the end of the class period.

There are some fun pictures of our activity below and others can be found at the following picasa link:
