

The Run for the White House

Early Childhood, Lower School, and Middle School students recently worked together to complete a 1,280 mile jog from Wichita, Kansas, to Washington DC. The “Run for the White House” began earlier in the school year, as early childhood students walked or jogged a measured distance around the school quadrangle and accumulated miles during recess. On Election Day, the final miles were accomplished as students came to the Collegiate track throughout the day to complete the needed mileage. It was great to see such a wide age range of students working together to accomplish one goal. Congratulations to all students, faculty, and staff who contributed miles towards our final destination! Our Run for the White House bulletin board can be seen in the Early Childhood hallway.
